

Requesting workplace accommodation

Unum Total Leave keeps it quick and easy.

When it comes to unique situations like requesting workplace accommodations, it can be hard to know what to ask for when you don't know what resources are available. Since your employer has ADA services with Unum, you can file an ADA accommodation request through the Unum Total Leave Employee Portal. With guidance through each step, you can submit the information needed to identify possible accommodations that your employer may be able to provide. **Here's how to get started:**

1. Go to <https://portal.unum.com> on your web browser.
2. a. If you have an account, click **Login to existing account**, enter your User ID and Password and click **Log In**.
b. If logging in for the first time, click **Register for an account**, then provide your information for verification.
- c. Provide your birth date and Social Security Number to verify your identity. If you sign up for two-step verification, a one-time passcode will be sent to your mobile phone each time after you log in.
3. Once logged in, click on the **Start a leave or claim** button.
4. Choose **Assistance to stay at work**.
5. Follow the on-screen questions for your accommodation request. You'll answer questions like why you require workplace support, if your doctor has any specific recommendations, when your diagnosis or symptoms first appeared and what specific accommodations you need to perform your job.
6. Next, you'll need to provide contact details for your healthcare provider/physician including their name, phone and fax number.
7. Once you complete all the steps and sign the electronic medical authorization form, you'll see a confirmation message and be provided with next steps.

NEED SUPPORT?

Use **live chat** on the portal, schedule a **callback** or call us Monday-Friday from 8 a.m. to 8 p.m. ET at **866-868-6737**.
